

# Company introduction - robemetall GmbH -

# High performance materials from robemetall - everything from a single source - experience for 35 years

We offer our customers round dimensions from  $\varnothing$  5,00 mm to  $\varnothing$  420 mm in Titanium Grade 2 and Titanium Grade 5 - all in stock from our warehouse. Fast and reliable within about 2-3 business days. Furthermore, we offer sheets and plate blanks (cut pieces) in above described Titanium alloys.

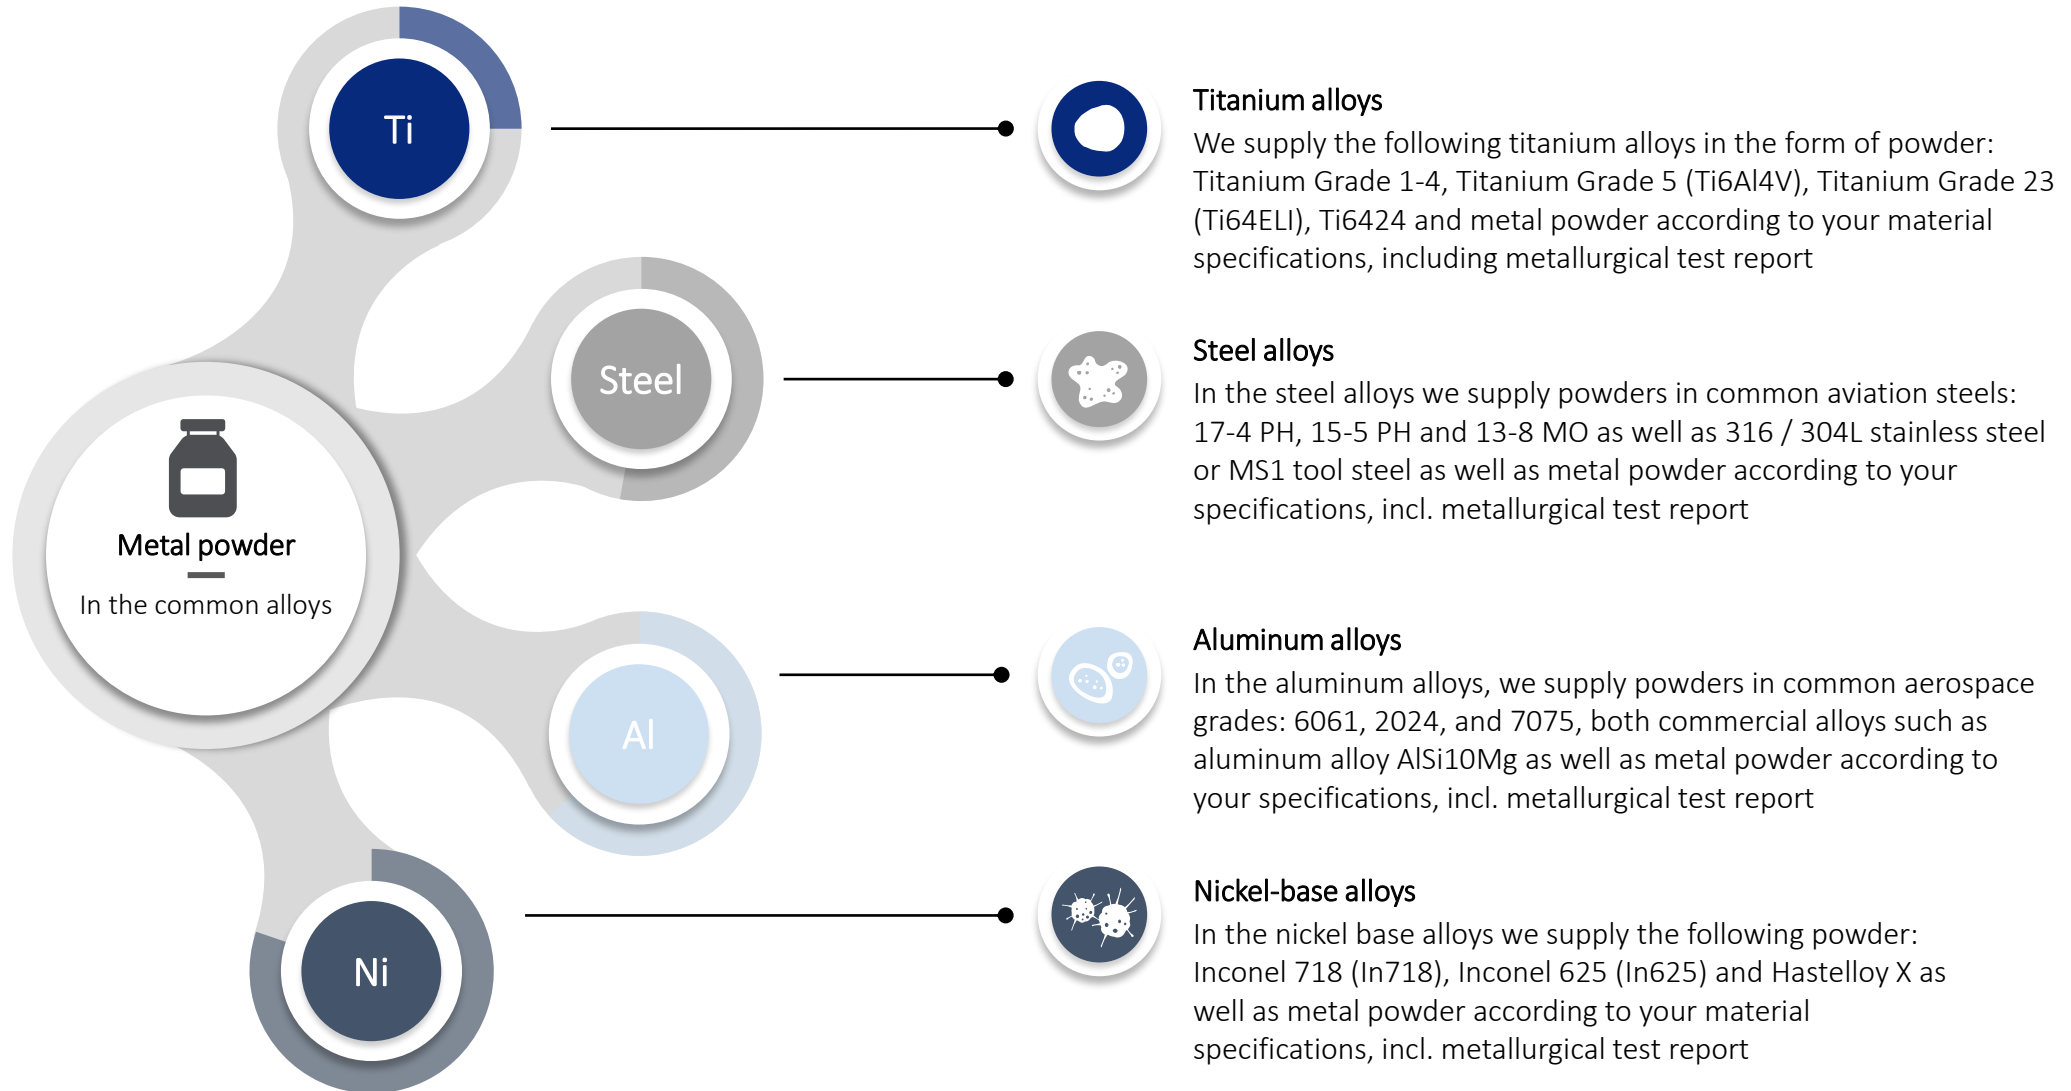

In the steel sector, we mainly offer our aerospace materials 17-4 PH, 15-5 PH and PH 13-8 MO (WL 1.4548, 1.4545 / 46, 1.4534) and 1.7734, 1.6604, 1.4044, 1.4544 and more steel alloys in round / sheets / plates - stocked in our main warehouse. Furthermore, we can procure all common national and European aerospace alloys. Robemetall is particularly efficient when procuring semi-finished products according to US specifications (SAE-AMS Index or ASTM, QQ-A).

We can supply you with stock materials from our warehouse regarding the classic aluminum aerospace alloys, such as EN AW-2024, 6061, 7075 according to WL 3.3214, 3.4364, 3.7050 / 75 as round or plate / sheet blanks (cut pieces). Furthermore, we can procure all common commercial grades from our partners with a short delivery time.

The company robemetall also supplies all available special materials like nickel base, refractory materials and can also supply all other materials according to customer requirements

# Metal powder for additive manufacturing (3D printing)

# We are your extended arm and reliable partner of your purchasing department

## Inquiry

No matter which material you are looking for - whether national or international specification - robemetall has an answer and meets even the highest demands. In addition, we can advise you professionally on the use of materials.

## Professional handling

The company robemetall stands for quality and reliability. We guarantee a fast and professional handling of your orders.

## Customer loyalty

It is very important to us to win you not just once, but as a long-term customer.

## Offer

Our trained / competent employees will provide you within a working day with an adequate and free offer for your material inquiries.

## Quality

Robemetall is constantly optimizing processes and therefore quality through a quality management system that always meets the highest standards.

## Partnership

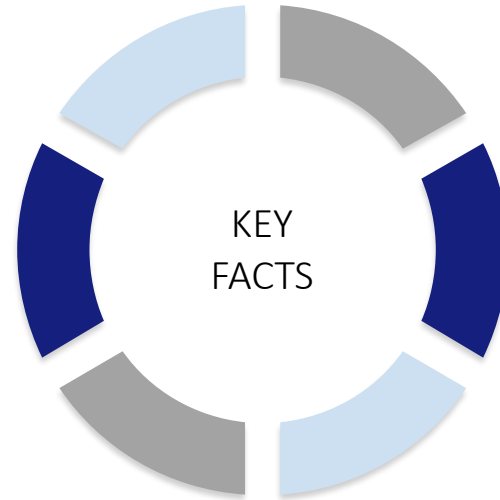

We look forward to a close long-term and collaborative partnership.

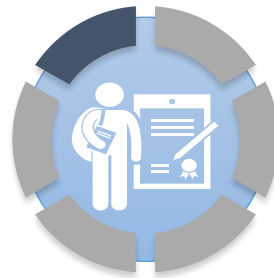

robemetall has made it its goal to find a suitable answer to every material request and to help its customers with a tailor-made offer - whether from our warehouse or from a national or international partner. The permanent staff of the company robemetall GmbH have more than 35 years of experience in the steel and metal trade and are thus able to perfectly support your purchasing department. How? With your experience and many years of work partners, the right logistics and our high quality standards.

# The advantages of robemetall

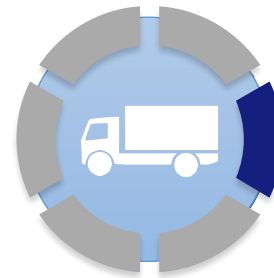

35 years of **experience** in the steel and metal trading industry

Competent and **professionally** trained employees

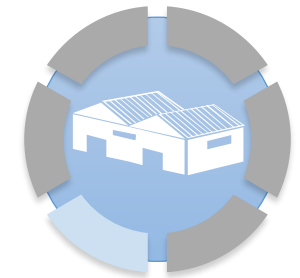

**Aviation approval** according to the constantly up-to-date standard and a pronounced, practiced **quality management**

**Fast and reliable** processing with the right **logistics in harmony**

We will find the right **answer** for every **material request** - worldwide and efficiently

**Comprehensive warehouse** and thus the storage capacity for customer-related call orders

# Target markets of robemetall

## Aerospace

The core business of robemetall is the supply of the aerospace industry and its suppliers. Through our expertise and decades of experience as an aviation-approved trading company, we belong to a minority of traders who can supply this industry with aerospace materials at short delivery and reliably.

## Automotive

A special market is the racing industry and its suppliers. This is usually about delivering very fast. Through our warehouse, partnerships with other plants and optimal logistics, this is pure day-to-day business for us and presents us with no problems.

## Commercially

The roots of robemetall lie in the commercial steel and metal industry and classical mechanical engineering. Thus, we also know this business and supply you as required with steel and non-ferrous metals in all semi-finished shapes and also offer sawing sections and blanks (cut pieces). We manufacture forgings according to your specifications.

## Medical

The medical industry is showing steady growth and requires more and more high-performance materials - especially smallest diameters and dimensions in the aluminum and titanium sectors. Again, robemetall stands by your side as a strong partner.

# Certificates and approvals

## Aerospace license according to EN 9120: 2018

The company robemetall GmbH is a company accredited to EN 9120: 2018, which has to undergo extensive audits by the TÜV (testing institution) and its customers every year in order to meet the requirements of the quality management system.

## Restamping certificate

The company robemetall GmbH is entitled to the correct restamping of materials and products according to the ProdSG. (German law)

### ZERTIFIKAT

für das Managementsystem nach  
**EN 9120:2018**  
(technisch gleichwertig zu AS9120B und SJAC 9120A und in Übereinstimmung mit den Anforderungen der ISO 9001:2015)

Die Zertifizierungsstelle TÜV NORD CERT GmbH bestätigt hiermit als Ergebnis der Auditierung, Bewertung und Zertifizierungsentscheidung gemäß EN 9104-001:2013 und ISO/IEC 17021-1:2015, dass der Kunde

**robemetall GmbH**  
Titan & Metallhandelsgesellschaft  
Am Sandberg 2  
35519 Rockenberg-Oppershofen  
Deutschland

ein Managementsystem konform zu den Anforderungen der EN 9120:2018 betreibt und innerhalb der Laufzeit des Zertifikats von 3 Jahren auf Konformität überwacht wird.

Geltungsbereich

**Vertrieb und Lagerung von Metall-Halbzeugen aus Stahl, Aluminium, Titan und Sonderlegierungen gemäß deutscher, europäischer und internationaler Standards (WL / BSS / AIR / AMS / MIL) in allen Abmessungen und Ausführungen (Rund, Flach, Vier- und Sechskant, Bleche, Platten, Rohre, Schmiedeteile und kundenspezifische Maß- und Sonderanfertigungen) für die Luft- und Raumfahrtindustrie, den Maschinenbau sowie die Offshore- und Verteidigungsindustrie**

## Bericht über die wiederkehrende Überprüfung der Voraussetzungen zur Umstempelung von Erzeugnissen für überwachungsbedürftige Anlagen

### Antragsteller:

robemetall GmbH  
Am Sandberg 2

Equipmentnummer: 10235497

35519 Rockenberg - Oppershofen

### Antrag vom:

06.04.2021

Verlängerung zur Umstempelvereinbarung

### Datum der Überprüfung:

06.05.2021

### Sachverständiger:

Dipl.-Ing. (FH) Birgit Kalinowski

### 1. Prüfgrundlage

Vereinbarung vom 13.05.2019 und Anlage 1 vom 13.05.2019 über die sachgemäße Umstempelung von Werkstoffen und Erzeugnissen für überwachungsbedürftige Anlagen nach dem Produktsicherheitsgesetz (ProdSG).

### 2. Vom Sachverständigen durchgeführte Überprüfungen

- 2.1 Verantwortliche Werksangehörige.
- 2.2 Lagerhaltung und Kennzeichnung sowie Werkstoffbescheinigungen der verwendeten Werkstoffe.
- 2.3 Durchführung der Umstempelungen.
- 2.4 Dokumentation der Umstempelungen (Aufzeichnungen, Umstempelbescheinigungen).

### 3. Zusammenfassung und Beurteilung der Überprüfung

Die Überprüfung hat ergeben, daß der Antragsteller weiterhin die Voraussetzungen für die Umstempelung von Erzeugnissen für überwachungsbedürftige Anlagen erfüllt.

### 4. Gültigkeit

Mit diesem Bericht verlängert sich die Gültigkeit der o. g. Vereinbarung bis Mai 2022.

Frankfurt, den 06.05.2021

  
(Dipl.-Ing. (FH) Birgit Kalinowski)  
Der Sachverständige

# Social commitment

The company robemetall GmbH is also actively involved outside the work area - for humans and animals. Our philosophy is to make a social contribution beyond the statutory levies and to give something back to society. The following organizations and associations are supported by the company robemetall with annual donations.

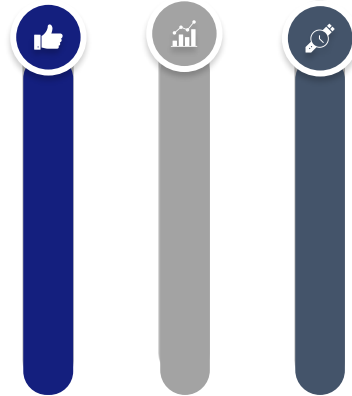

# Customer and employee satisfaction 2023

Customer

96-100%

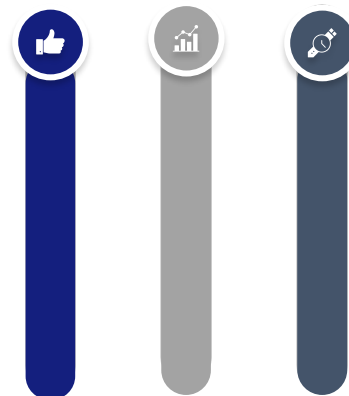

Customer survey 2023

As in previous years, our annual customer evaluations yielded almost 100% satisfaction with our supplier performance. The timely and appropriate deliveries as well as our professional advice / after sales service were evaluated.

Employee

100%

Employee survey 2023

The company robemetall GmbH is of course not only interested about the loyalty and satisfaction of your customers, but also of your employees! Because that is the capital of our company. As in previous years, our employees are fully satisfied with the evaluated criteria such as: working hours, salary and working atmosphere.
